The Story of Bilal

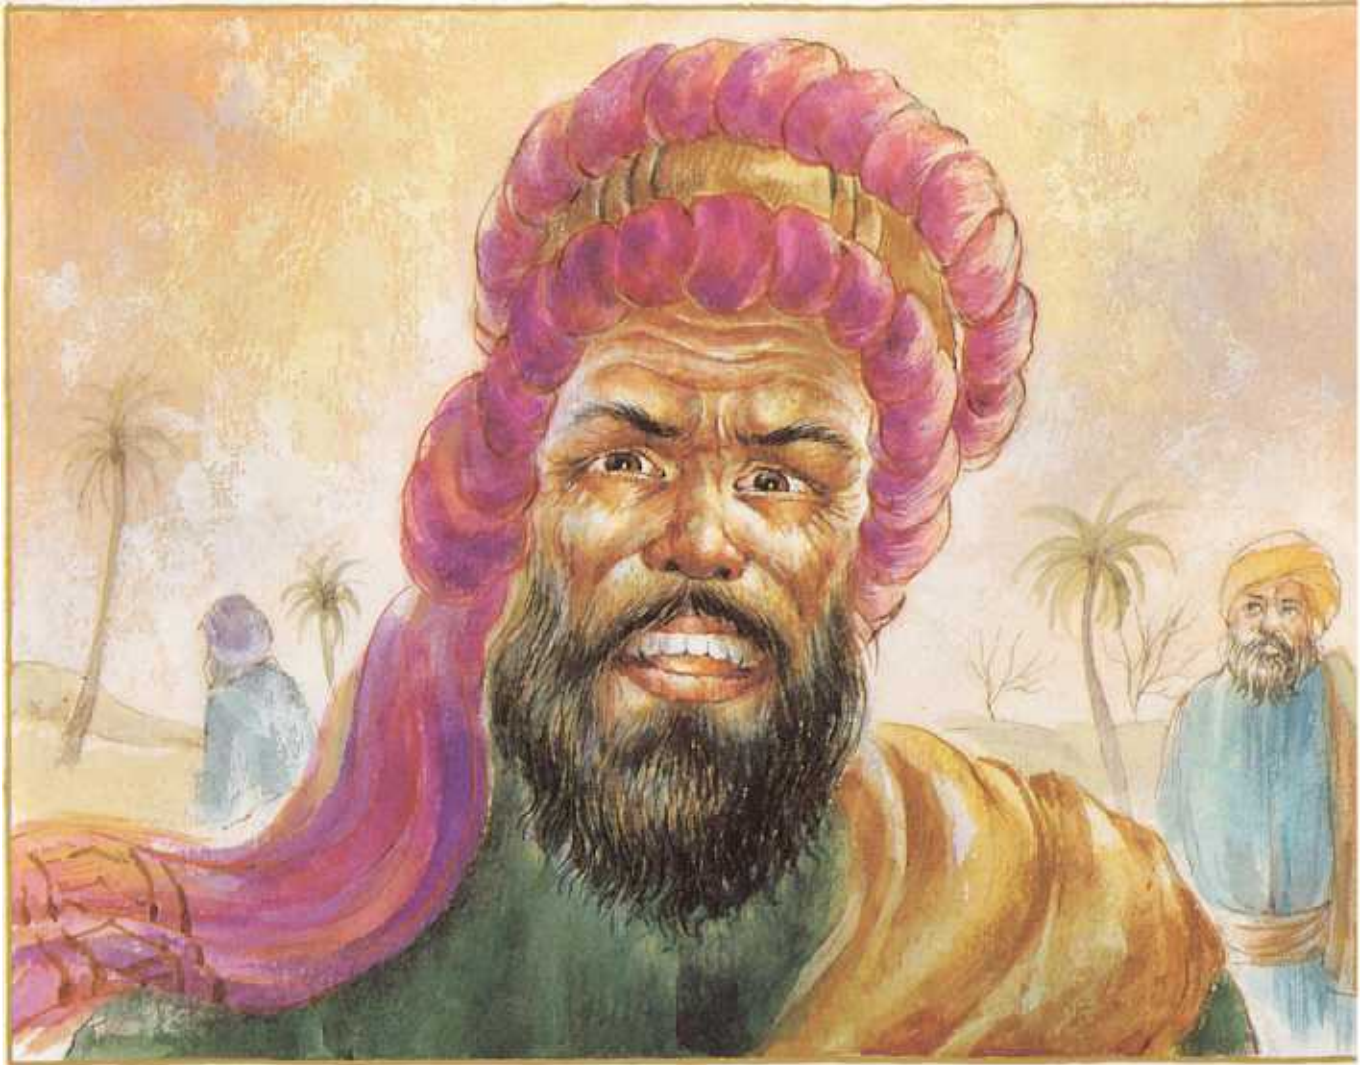

Bilal is a slave. How do you think that feels?

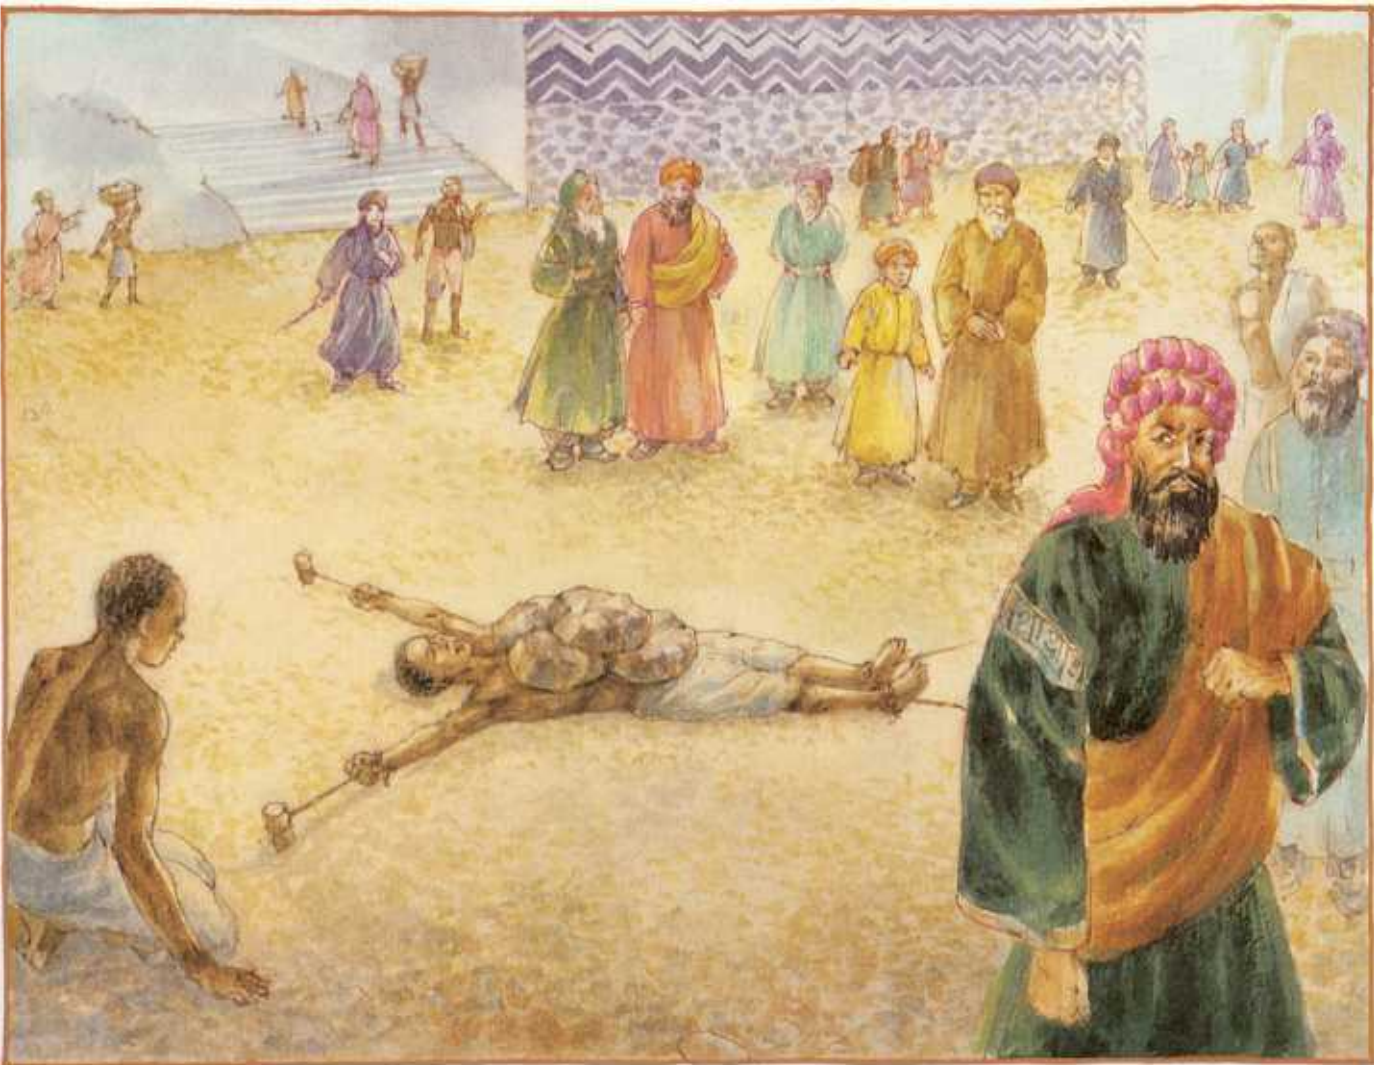

Why doesn't Bilal want to do as he is told?
When do you feel like that?

Why are the people surprised?

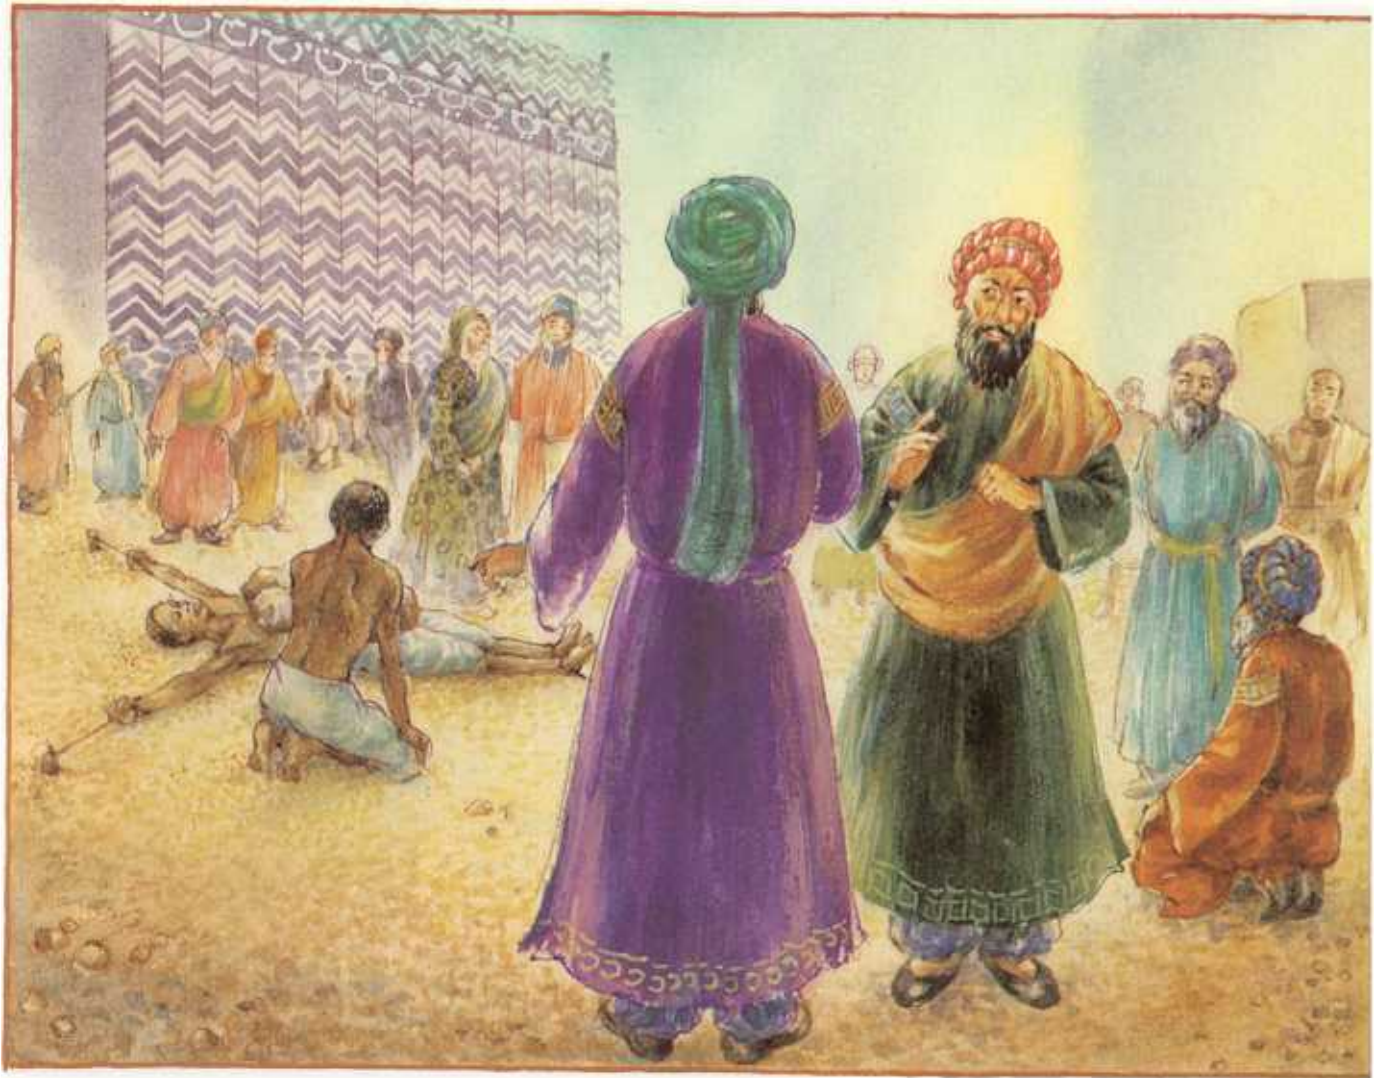

How do you feel when someone is angry with you?

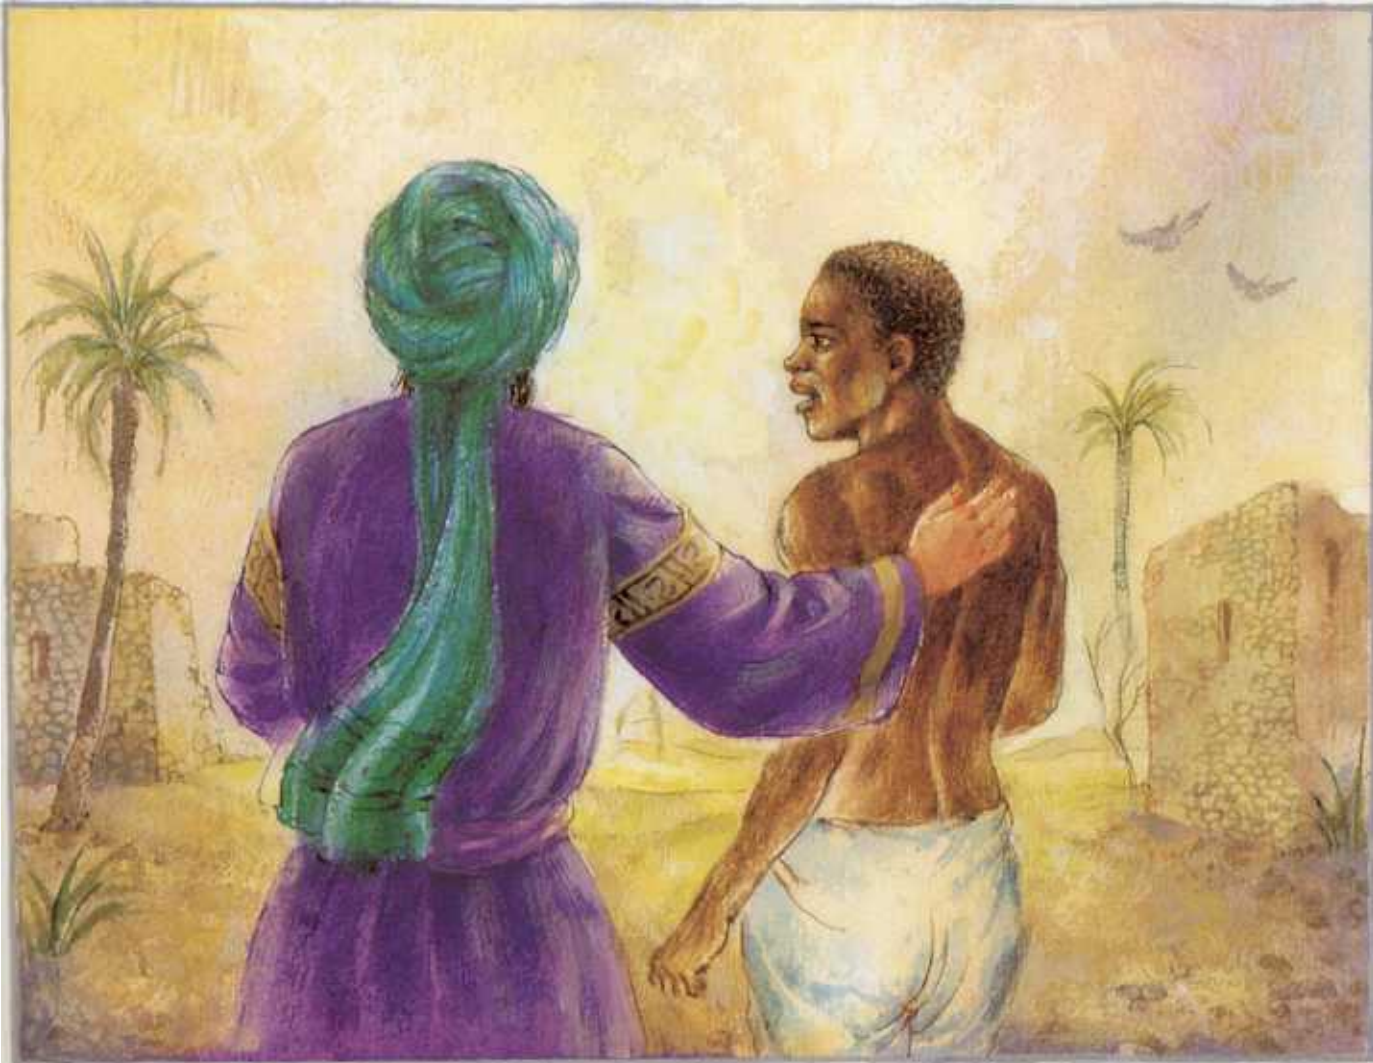

What do you do when something is hurting you very badly?

What is Bilal doing?

What do you think these men are talking about?

How do you think Bilal is feeling now?

Who helps you when you are in trouble?

Why is everyone working so hard to build the mosque?

What is Bilal being asked to do?

What would you like to be asked to do?

What do you think Bilal is thinking about as he climbs on to the roof?

How did Bilal know what to call?

What would you call?
